JUSTICE & PEACE
Confirmation Poem

It comes crashing down like massive wave,

Destroying obstructions in its path,

It will not be stopped,

People can only try to slow it down,

After the waves of justice has crashed down, you will be brought to

an island of peace,

The island contains peace and plenty for all,

We are called to forgive all who have sinned

Through god's grace we can go to heaven

It is his gift to us

Because of his gift, we must help him

We must trust and praise him

We must follow him with unending devotion

So forgive all and remember that

Forgiveness of all will let you go into his kingdom
